A movie poster for the film 'Back to the Future'. On the left, a young man (Marty McFly) in a brown leather jacket and jeans is running towards the viewer, looking back over his shoulder with a determined expression. He is holding a small object in his right hand. Behind him, a white DeLorean time machine is shown in a dynamic, angled position, appearing to be in motion. The background is a bright, hazy blue and yellow, suggesting a high-speed chase or a time-travel sequence. At the bottom left, there are large, intense orange and yellow flames, possibly from a car crash or a fire. The right side of the poster is black with white and yellow text.
